

PIC actively participates in the world's K Fair 2019 - Plastic and Rubber Exhibition in Germany

As part of its efforts to become a global supplier of 'polypropylene', the Company participated in the K Fair 2019, one of the largest trade fairs for plastics and rubber in the world, held during the period 16-23 October in Dusseldorf, Germany.

The Company's participation included holding a lot of meetings within its pavilion with customers and manufacturers from different continents with the aim of enhancing the presence and availability of its products supplied from its various current and future factories inside Kuwait and abroad to reach out to the largest companies in the industry and achieve its development goals and plans so as to meet the growing global demand.

The Company's pavilion also received many visitors, the most important of whom were H.E. the Consul of the Embassy of Kuwait in Germany, Mr. Khaled Al-Mutairi, the Deputy Chairman of the Public Authority for Industry, Mr. Mohammed Fahad Al-Ajmi, and representatives of the Royal Commission for Jubail and Yanbu, Saudi Arabia, and other companies.
